### EXPLANATION OF FEES

#### LAB FEE

This fee of \$10 per credit hour is charged each semester to all students who enroll in a class(es) that has/have a lab (see class schedule for a listing of classes that have a lab).

The purpose of the fee is to enable the College to remain current with the latest technology, equipment, and expendable supplies for those particular classes.

One-time fees specific to individual classes or disciplines may be required for some students. Examples include special labs, materials, uniforms, or other fees.

Tuition and fee rates are set by the National Park College Board of Trustees and are subject to change. Decisions about tuition and fees are typically made in May of each year; however, NPC reserves the right to change tuition rates and fees any time such action is deemed necessary.
