GENERAL TECHNOLOGY

The A.A.S. in General Technology is designed to meet the needs of students who wish to combine technical or vocational coursework with general education requirements to complete a two-year degree.

Students wishing to complete the A.A.S. in General Technology will develop an individual course of study through a structured advising process with faculty and college counselors. A total of at least 60 credit hours are required for the A.A.S. in General Technology.

Courses prerequisite to another class require a minimum grade of "C" in order to advance to the next course.
