

## ASSOCIATE OF APPLIED SCIENCE DEGREE WORKSHEET

### CRIMINAL JUSTICE

This program is designed for those who wish to pursue a career in the criminal justice field. A high percentage of criminal justice students obtain jobs in the field both while they are pursuing their degree and after completion of the program. The degree serves as a solid base from which to pursue a four-year degree and law school.

Courses prerequisite to another class require a minimum grade of "C" in order to advance to the next course.

The Associate of Applied Science Degree is designed for employment purposes, and it should not be assumed that the degree or the courses in the degree can be transferred to another institution. While some institutions do accept some courses in A.A.S. Programs, the general rule is that courses in A.A.S. Degrees are not accepted in transfer toward bachelor's degrees. Students to whom transfer is important should get assurances in writing in advance from the institution to which they wish to transfer.
